## 3. Compulsory Three-Monthly Reports for Trainees

A regular three-monthly summative assessment report has been a non-compulsory assessment tool in the DRANZCOG/DRANZCOG Advanced training program for the past two years. The Joint Consultative Committee, which oversees Diploma training, recently decided to make these assessments a compulsory requirement to ensure all Training Supervisors meet formally with their trainee(s) to review performance and progress, and document that assessment. This will help to ensure that trainees experiencing difficulties are identified and given appropriate support.

The completed report should be sent to the relevant SRC Chair, who will then sign it and forward it to Training Services at College House, where it will be kept on file.

Accordingly, the three-monthly form has been revised and trainees should ensure they use the current version, which is available on the RANZCOG website: [www.ranzcog.edu.au/trainees/pdfs/diploma/dranzcoг-three-monthly-assessment.pdf](http://www.ranzcog.edu.au/trainees/pdfs/diploma/dranzcoг-three-monthly-assessment.pdf)

## 4. Completion of Training

Each trainee's logbook should be sent within four weeks of the completion of training to the relevant State Reference Committee (SRC) Chair for assessment and signing. The logbook will then be sent to College House, RANZCOG, before it is returned to the trainee. Trainees are encouraged to keep their logbook as it may be needed if they decide to apply for the DRANZCOG Advanced training and qualification.

Please note: It is the trainee's responsibility to apply for their certificate - it will not be automatically generated. Application forms are available on the RANZCOG website: [www.ranzcog.edu.au/trainees/diploma-trainees.shtml#Certification](http://www.ranzcog.edu.au/trainees/diploma-trainees.shtml#Certification)

## 8. DRANZCOG Advanced Training Supervisors

Each DRANZCOG Advanced trainee requires two supervisors - a GP obstetrician and a specialist obstetrician. The Joint Consultative Committee on Obstetrics, which oversees the DRANZCOG/DRANZCOG Advanced training programs, has asked that all trainees and supervisors be reminded that the specialist obstetrician MUST be a Fellow of the RANZCOG. This is in line with requirements for RANZCOG Membership/Fellowship training.

## 9. Accredited Training Sites

Training for DRANZCOG and DRANZCOG Advanced can only take place at hospitals accredited for that purpose by the Joint Consultative Committee on Obstetrics. For an up to date list of all accredited hospitals please refer to the College website: [www.ranzcoq.edu.au/trainees/diploma-trainees.shtml](http://www.ranzcoq.edu.au/trainees/diploma-trainees.shtml)

IMPORTANT NOTE: The fact that a hospital is accredited for DRANZCOG training does not automatically mean that it is also accredited for DRANZCOG Advanced training, so DRANZCOG trainees planning to go on to the DRANZCOG Advanced should not assume that they can do this at their current hospital. Trainees should always check the list of accredited hospitals before making their training plans.

## 10. Roles and Responsibilities of the Training Supervisor

An information sheet is available which gives precise information on all the duties and responsibilities of DRANZCOG and DRANZCOG Advanced Training Supervisors. View/download a copy of this information sheet: [www.ranzcoq.edu.au/fellows/pdfs/training-supervisors/Role-DRANZCOG-Training%20Supervisors.pdf](http://www.ranzcoq.edu.au/fellows/pdfs/training-supervisors/Role-DRANZCOG-Training%20Supervisors.pdf)

An information pack, which includes the information
